Board members,

Please find attached supplementary information found in the building department file in regard to the above address.

The documents include, older surveys and site plans.

Additionally, you'll find photos from a site inspection conducted on 04-12-2024. There will no updated letter of denial issued as no zoning application or revision was submitted to the 2021 denial presented to the board but there are potential variances on site, not listed in that document.

Respectfully,

A handwritten signature in cursive script, appearing to read 'Adam Myszka'.

Adam Myszka
