Leonia welcomes its new Municipal Center, which will house police headquarters and court facilities and host town meetings.

Construction on the new Police and Court Building is scheduled to be completed by late October. It will serve as Leonia's Municipal Center and the meeting place of choice as soon as the new building is opened and ready to be occupied beginning December 2023.

Check www.leonianj.gov for the latest meeting times and locations.

Below left: In 1899 an office was located on the 2nd Floor, above the Fire House, on Fort Lee Road below Grand Avenue to accommodate the borough marshal and four volunteer deputy marshals.

In 1895, Sidney Conklin was appointed the first borough marshal.

In 1918, Leonia's uniformed police department was formed. They had one car and the Indian motorcycle pictured below, ridden by Patrick Clarkin.

Above: 1939. Police officer Paul Minerly is shown in front of a 1939 police car. Minerly was a grandson of one of the first town marshals.

SPECIAL SERVICES

A full-time Supervisor of Special Services oversees the district's Special Education programs. Education and related services are provided by professional staff members: teachers, school psychologists, school social workers, learning consultants, speech language pathologists, occupational and physical therapists. The Child Study Team evaluates students based on presenting needs. An Individual Education Program (I.E.P.) is developed, implemented and monitored for students found eligible for services. Special instruction is provided for students with learning, emotional, developmental and/or physical disabilities. Resource Centers in each school provide replacement instruction and/or assistance with academic subjects and the development of organization and study skills. Self-contained classrooms at all three schools provide individualized instruction for students with learning and multiple disabilities.

ENRICHMENT PROGRAMS

Our district offers enrichment services at each grade level for students who possess or demonstrate high levels of ability, in one or more content areas, when compared to their chronological peers in the district. At ACS, our Kindergarten through Grade 2 students have a Math Enrichment period for students to engage in problem-based math problems designed to extend their thinking as they analyze and apply various mathematical concepts. Our students in Grades 3-4 participate in a Global Citizens unit that provides students with the opportunities to develop their interdisciplinary problem-solving abilities. Students in grades 6-8 are identified and enrolled in portfolio classes in Language Arts, Mathematics, Science, and Social Studies.

At the high school, students are identified and enrolled in Advanced Placement and Honors courses in a number of subjects. High school students can also participate in Dual Enrollment classes to receive college credits, while completing their high school requirements.

ENGLISH LANGUAGE LEARNERS

Leonia is a diverse community with over 40 languages spoken in our homes. The ESL program serves students who are limited in their ability to speak English. ESL courses are available at each grade level and help our English Learners develop and improve oral communication, reading, and writing skills in English.

HIGH SCHOOL ACADEMY PROGRAM

LHA hosts seven academies, the Leonia Academy of STEM with six concentrations (LAS); the Leonia Academy for Hospitality and

Culinary Arts (LAHCA); the Marketing and Business Leadership Academy (MBLA) with two specific majors: Economics/Finance and Marketing; the Leonia Humanities Academy (LHA) with two schools, the School for Literature and Language and the School of Social Sciences; The Leonia Music Conservatory (LMAC-Music);, the Leonia Fine Arts Conservatory (LMAC- Fine Arts) and our newest academy, the AVT- the Academy for Vocational and Trade. For more information please go to leoniaschools.org and then to the high school home page.

STUDENT SERVICES

A guidance staff that includes one counselor in the Elementary School, three at the Middle School and four at the High School supports the academic program. At ACS, the school counselor provides advice, support, and help in educational and personal development for the students at ACS. This is accomplished by meeting students in both the group setting and individual meetings where topics such as peer pressure, tolerance and study skills are discussed.

The school counselor is also available as a resource to parents who may have questions or concerns about their child. At the middle school, counselors provide counseling services, both individual and group, monitor student achievement, maintain open lines of communication between parents and staff and oversee standardized testing. At the high school, the school counselors provide career and college counseling, as well as support services for youths at risk.

I&RS COMMITTEE

The Intervention & Referral Services (I&RS) Committee is made up of school administrators, teachers, counselors, child study team members, and parents. The I&RS committee meets to discuss strategies and resources for faculty and parents to employ within the general education curriculum to better support the individual student's needs.

FOOD SERVICES

All three schools have a cafeteria and provide low cost, nutritionally balanced hot and cold breakfast and lunch service daily. Free or reduced price breakfast and lunch are available to students who qualify under state and federal programs.

Applications are available electronically on the district website: <https://www.leoniaschools.org/apps/pages/lunchapplication>.

HEALTH SERVICES

School nurses in each school conduct screenings for vision, hearing and scoliosis (curvature of the spine); maintain health records; record height and weight and blood pressure; administer medications (if a note from the doctor has been provided); and provide emergency care. The school nurse may also make referrals regarding possible emotional or physical difficulties. If a child becomes ill during school, he/she will be sent to the nurse's office. If, in the opinion of the school nurse, the child is unable to remain in school, a parent will be contacted and asked to pick up his/her child to take him/her home. A complete physical is required for children in kindergarten, fourth, seventh and tenth grades.

AFTER SCHOOL CHILD CARE

Leonia School Age Child Care (SACC), an organization run by an independent board, provides child care services for students in grades Pre-K to 6 at Anna C. Scott School. Students can be dropped off as early as 7:00am and picked up no later than 6:00pm. SACC can be reached at (201) 944-6715.

AFTER SCHOOL ENRICHMENT

Our district offers after school enrichment classes for ACS students in grades 1 to 4. A variety of courses are offered for a fee. Please keep an eye out for more information from ACS school.

COMMUNICATIONS WITH THE PUBLIC

More information on our district and schools can be found at our district website: <https://www.leoniaschools.org/>

HOME AND SCHOOL ASSOCIATION

Each school has an active Home and School Association. Members raise funds for special programs and trips, for teacher wish-list items, and for scholarships. Volunteers are always needed to help on field trips, to assist in the library, to perform at assemblies, to contribute to bake sales, to help at special events, to translate, to participate in career days, and much more. If you have a special talent you'd like to share, please contact the Home and School chair at your school or attend one of their scheduled meetings listed in this calendar.

In addition to the regular H&SA monthly meetings, the high school H&SA Education Committee meets monthly with the principal to share curriculum topics.

Students who are found to be in attendance in the Leonia Public Schools without any entitlement to do so on a tuition-free basis will be removed from school. Their parents/guardians will be subject to the payment of tuition calculated on a per diem basis for the length of enrollment.
